Valresa woodcoatings - Pre catalysed products	163
Fujichem woodcoatings - Acid cured products	164
ICA woodcoatings - Polyurethane & waterborne products	165

valresa

NAA Woodcoatings Division

Naa have been distributing woodcoatings since 1980, in that time naa has built up a strong and successful catalogue of products that ensure our customers get what they need to compete in the ever changing world of wood.

In September 2014 we invested in a new colour laboratory and installed some of the sharpest colour matching machines to provide our customers with a fast and reliable service. Today we have built up a colour bank of several thousand colour matches of leading colour designs and ranges.

Our Product range is

- Clear Pre-cat basecoats
- Clear Pre-cat lacquers
- Pigmented Pre-cat products
- High build Clear Acid Catalyst products
- Compliant Acid Catalyst products
- Pigmented Acid-Catalyst products
- Polyurethane Clear Basecoats and Lacquers
- Pigmented Polyurethanes products
- Waterbased clear products
- Pigmented waterbased products
- UV products
- Stains
- Thinners

For further inquires please contact our Head of woodcoatings division:

David Farrelly **087 652 6489** or email: david@naa.ie

valresa

Since 1965 Valresa is specialized in development, manufacturing and commercialization of wood coatings. During this time we have worked over all available technologies for covering and we have presented it to more than 6,000 customers from different parts of the world. This has carried us to have the widest coatings catalogue of the market.

Different technologies for wood coatings such as Pre-catalysed, polyurethane, polyester, water and ultraviolet dry have been applied in the different wood products markets, achieving the most adequate coating for each wood product type and application process.

Our customer and materials diversity to paint in different parts of the world and permanent search of the best technology for coating different wood items, guarantees that our paint are giving value and superior quality finish.

Product	Description	Gloss	Technical Qualities	Can Size
210011101	PC Basecoat	N/A	High solids base Good Hiding power Fas dry & transparent	20L
2200011101	PC Clear Topcoat	10, 20, 30	High quality Fast drying Transparent topcoats	20L
210103101	White PC Primer	N/A	High build Fast Drying Excellent Sanding qualities	20L
220102101	White PC Topcoat	10, 20, 30	Fast drying Super Smooth pigmented topcoat	20L
510108105	Mixing thinner Solvent 108	N/A	Pure thinner for PC & Acid Cured Lacquers	200L
540470105	Cleaning thinner Solvent 470	N/A	Pure cleaning thinner for PC & Acid Cured Lacquers	200L
520201115	General PC thinner	N/A	General use thinner	25L

FCS

Fujichem Sonneborn Limited

A Century of Innovation in Coatings

The success of FCS during the past 100 years is attributable to the dedication of our staff and their ability to listen and respond to our customers, developing bespoke solutions that meet and surpass the Specifications and environmental requirements of our challenging industry.

Our fast moving market place requires innovative solutions, and we draw on our experience in many sectors to enable us to accept and meet these daily challenges there by keeping us at the forefront of coatings technology.

When you trust and ask FCS to supply your coating technology we take it as our responsibility to offer a total solution to your finishing requirements and believe this is a vital component of our service and one that leads to ultimate customer satisfaction

We understand the demands of the coating industry and realise that, in today's manufacturing environment, a partnership is the ultimate way to succeed and offer customer satisfaction.

Product	Description	Gloss	Technical Qualities	Catalyst	Mix	Can Size
40:452	Clear Acid Catalyst Lacquer	5,10,20 & 35	High quality AC / Excellent clarity Good sanding properties	40:AH-11	10:01	5L 20L
41 .55/A	Clear Acid Catalyst / Basecoat	N/A	Fast drying / High build Excellent sanding properties	40:AH-19	10:01	20L
42:28.102/A	AC White Primer	N/A	Excellent coverage Used in combination with 40:528 Range the system will meet BS6250 severe rating	40:AH-19	80:01	5L 20L
40:528	AC White Topcoat	10,20 & 35	High quality pigmented topcoat Added flexibility for use in kitchens & joinery	40:AH-19	10:01	5L 20L
<i>The above base can be tinted to any colour</i>						
40:494	AC Topcoat	10,25,50 & 80	Fast drying high solids lacquer formulated to meet BS6250 severe with excellent build & flow	40:AH-33 or 40:AH-35	Refer to TDS	5L 20L
09:09	Thinner		Slow drying thinner for AC & PC paints & lacquers	N/A	N/A	5L 25L
01.78	Thinner		Standard Thinner for PC lacquer	N/A	N/A	5L 25L
01.69	Acetone		Acetone thinner	N/A	N/A	25L
01.423	Gun wash		Re-cycled Gun wash	N/A	N/A	25L

ICA SpA is an Italian company founded in Civitanova Marche (Macerata) in 1971 and specializing in the formulation, manufacture and marketing of special coatings for wood.

Our brand products are able to meet the needs of all those operating in the woodworking sector (from interior design to carpentry, boatyards to external structures, frames and shutters to garden furniture, wooden flooring to musical instruments).

The range of ICA products also encompasses specific solutions for wooden flooring, glass and plastic materials.

Product	Description	Gloss	Technical Qualities	Catalyst	Mix	Can Size
FP285-025	White PU Primer	N/A	High solids product suitable for MDF & solid timber formulated to achieve high build and excellent durability	C268	02:01	5kg 25kg
OP400IT	White PU Topcoat	10,25,40	Soft feel with hard durable surface Good flow and excellent clarity	C266	02:01	5kg 25kg
OP383	Clear PU Topcoat	5,25	Clear version of PU base above for dark colours	C266	02:01	5kg 25kg
OP263	Clear high build PU Lacquer	10,25	High solids clear PU with excellent clarity and good sanding properties	C266	02:01	5kg 25kg
OAC363	Clear Acrylic Lacquer	5,10,30	Non-yellowing product Excellent clarity and fast drying properties Gives a natural low build feel	C200	10:01	5kg 25kg
FP456FR	Flame retardant PU basecoat	N/A	Polyurethane flame retardant transparent base coat. Specially studied for flame retardant painting cycles of wooden items (furniture, panelling, turned pieces, false ceilings, etc.).	C457	01:01	5kg 25kg
OP457FR	Flame retardant PU Lacquer	25	Finishing component of the flame retardant cycle FRT. Full certification	C457	01:01	5kg 25kg
<i>The above cycle is available pigmented version also</i>						
FA530	Waterbase clear basecoat	N/A	Excellent clarity Perfect sanding qualities- give a high build finish			5kg 25kg
AO786	Waterbase clear lacquer	10 & 30	Super smooth finish Excellent clarity Fast drying			5kg 25kg

Product	Description	Technical Qualities	Catalyst	Mix	Can Size
FA45B	Waterbased clear Lacquer	White water based bicomponent sealer/base coat for indoors and outdoors, with high covering, elasticity and chemical resistance, easily sandable with sanding machines	CA500	See TDS for advice	5kg 25kg
AOB510	Waterbased White Topcoat	Water based mono/bicomponent polyurethane white matt, suitable for top coats on furniture and fittings for indoors	CA500	See TDS for advice	5L 25L
D1010	PU Thinner	Suitable for mixing PU and PC paints			5L 25L
D1015	PU Thinner	Slow drying PU thinner			5L 25L
D1016	Acetone	Acetone Thinner			25L
D1053	Acrylic Thinner	Suitable for Acrylic paints			25L
D1059	Waterbased Thinner	Suitable for mixing with WB paints			25L

NAA Woodcoatings Division

Distributors of Superior Quality Woodcoatings

**Every colour available in Pre-cat, Acid Cured, PU,
Waterbased, fire retardent & UV**

RUBIO MONOCOAT OIL:
WOOD PROTECTION BASED ON MOLECULAR BONDING TECHNOLOGY
Rubio Monocoat is the reference when it comes to high quality
and environmentally friendly wood protection.

Colour Swatch

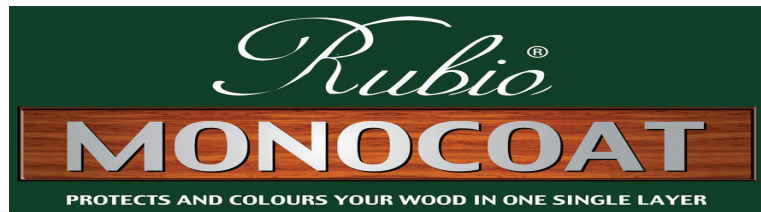

Code	Product	Description	Characteristics
INTMXDCOLS -KIT	KIT	Rubio Colours mixed Kit	40 mixed colours as per swatch, 14 stains (PreColours Easy) 2 reactive agents

Colour Wheel for Non-reactive pre-colours

Products

Code	Product	Description	Characteristics	Can Size
Reactive Agents				
RSRS-100	RMC Fumed	Chemical Reactive Agent	Water Based Grey Pre- Color "Ageing Effect " (sample bottle)	100ML
RSRS-1000	RMC Fumed	Chemical Reactive Agent	Water Based Grey Pre- Color "Ageing Effect "	1LTR
RGFRS-100	RMC Smoked	Chemical Reactive Agent	Water Based Brown Pre-Color "Smoking Effect" (sample bottle)	100ML
RGFRS-1000	RMC Smoked	Chemical Reactive Agent	Water Based Brown Pre-Color "Smoking Effect"	1LTR
Non reactive Coloured Stain				
PCEIG-2500	RMC Precolor Easy Intense Grey	Coloured Stain	Water Based Precolor Requires Oil Finish With Rmc Oil Plus 2C	2.5LTR
PCEMG-2500	RMC Precolor Easy Monsoon Grey	Coloured Stain	Water Based Precolor Requires Oil Finish With Rmc Oil Plus 2C	2.5LTR
PCENW-2500	RMC Precolor Easy Nordic White	Coloured Stain	Water Based Precolor Requires Oil Finish With Rmc Oil Plus 2C	2.5LTR
Reactive Hardwax Oil				
PBO2CIB-1300	RMC Oil Plus 2C Dry Black	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	1.3LTR
PBO2CIW-1300	RMC Oil Plus 2C Dry White	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	1.3LTR
PBO2CIW-350	RMC Oil Plus 2C Dry White	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	350ML
PBO2CSO5-1300	RMC Oil Plus 2C Dry 5% Smoke	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	1.3LTR
PO21C-350	RMC Oil Plus 2C Dry Pure	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	350ML
PO2CI - 1300	RMC Oil Plus 2C Dry Pure	Coloured Hardwax Oil	One Coat Voc Free Quick Drying Finishing Oil Food safe	1.3LTR
Maintenance Oil, VOC Free / Food Safe				
UMOP-500	RMC Surface Care	Cleaning Oil	Ready To Use Cleaning Soap Neutral Ph. (Alkaline Soaps Will Damage The Oil Finish)	500ML
ERSI-500	ECO Refresh Spray	Refreshing Agent	Ready To Use Refreshing Agent For Enhancing the Lustre Of The Oil Finish	500ml

1. **0 % VOC** = environmentally friendly!
2. The components are mainly **natural products**, doesn't contain water.
3. Colours and protects in **one single layer**, with no overlaps or starting marks.
4. Available in over **40** colours.
5. Respects the natural look and feel of the wood.
6. **Low consumption**: 1 litre reaches for 30 to 50 m2.
7. **Water resistant**.
8. **Heat resistant** up to 100 °C.
9. **Easy to maintain**.
10. Rubio Monocoat Oil Plus provides the surface with a **durable** protection!
